- (a) Shutters and/or window wraps will be required on at least front and side elevations.
- (b) A louver or decorative component will be required on the gable ends of the home.
- (c) Windows will be required on all elevations.

It is the builder and or lot owners sole responsibility to make sure that all drainage swales are graded and maintained.

Drainage arrows on the final plat indicate the direction of surface drainage swale at individual property lines. Said drainage swale shall be graded with the construction of each principal structure and maintained by the lot owner, unless modified with approval of the City Engineer. If the drainage swales are not properly graded or maintained then it is the responsibility of the property owner to immediately make any corrections or repairs.

Each single-family building constructed on any Lot shall have an attached garage that contains not less than two no more than three automobile garage stalls. Each duplex constructed on any Lot shall have an attached garage with stalls for two automobiles. All garage doors facing a street shall have a standardized height set by the ACC. The ACC shall encourage all corner Lots to have side-entry garages.

By approval of the plans submitted to the Developer or the Architectural Control Committee, neither the Developer nor the Architectural Control Committee shall be responsible for obtaining any approval necessitated by County or Town ordinances, and neither the Developer nor the Architectural Control Committee gives any opinion nor makes any representation as to soil conditions; that a building built pursuant to the plans will be structurally sound; or that the plans or site plan meet any city, county, or state codes or ordinances. Neither the Developer nor the Architectural Control Committee shall have any liability to any builder or lot owner with respect to the construction of and materials used in any building on a lot within the plat. It shall be the Builder and lot owner's sole responsibility to obtain all permits for the construction of any improvements on a lot in the plat.

I agree to have my house built according to the plans and information herein submitted.
